ALL IRT, WRU, CTT, DEBIT/CREDIT CARD AND CASH REGISTER OFFICES

Setting Clocks for Standard Time

The correct system time in integrated retail terminals (IRTs) and weighing and rating units (WRUs) is critical, as their internal clocks are used to verify Express Mail acceptance times, service commitments, and network status. The IRT system time is also printed on customer receipts and employee reports. Computerized Tracking and Tracing (CTT) scanner clocks are used to record Express Mail arrival times. It is very important that the debit/credit card terminal clocks be set to the correct day, date, and time, as this will help reduce the possibility of accepting an expired card.

Managers must ensure that before opening for business on Monday, October 28, 1996, the clocks in all IRTs, WRUs, CTT scanners, cash registers, and debit/credit card terminals under their control are set *back* 1 hour to reflect the change (in most locations) to Standard Time. Facilities with Saturday night operations should reset the time as soon as possible after the 2 a.m. Sunday start time.

On the UNISYS III Supervisor Disk, select menu item 11, Set System Date and Time, from the Control Menu. On the UNISYS II Supervisor Disk, select item 10, Set System Date and Time. On the MOS IRT Control Disk, select menu item 5, Change Fees and Tables, from the Main Menu, then select item 5, Set Unit Date and Time, from the Change Fees and Tables Menu.

Laser Scanner

For a laser scanner, follow these steps:

1. Press the **CTRL** (control) key then press the T key. The current date and time appear.
2. Press the **CLR** (clear) key. A prompt to enter a date appears. Enter the current date as MMDDYY (example: 102796).
3. Press the **ENTER** key. The scanner then prompts the user to enter the time. Enter correct standard time in military format (examples: 8 AM = 0800, 1:30 PM = 1330).
4. Press the **ENTER** key. The scanner returns to the first screen.

5. Press the **CTRL** key and the T key to verify the time and date.
6. Press the **ENTER** key if correct; if not, reenter correct information.

WRU Clocks

For the WRU, follow these steps:

1. From the Maintenance Menu select item 2, Change System Data.
2. From the Change System Data Menu, select item 1, Change System Date and Time. The Set System Date and Time screen appears.
3. Press the YES key to accept the current date. The time appears. Press NO to clear the time.
4. Enter correct standard time in military format (examples: 8 AM = 0800, 1:30 PM = 1330).
5. Press YES to save the corrected time. The Change System Data Menu appears.
6. Verify the time and date and correct all errors.

Debit and Credit Card Terminals

For debit and credit card terminals, follow these steps:

Retail Consolidation Unit (RCU)

All IRT sites must coordinate the changing of system time with the RCU.

In most cases, IRT units will change the system time before opening for business on Monday, October 28, 1996. In the case of units that opens for business on Sunday, October 27, 1996, the IRT windows must be configured to remain "open" for a longer period of time to compensate the time difference. The District RCU Coordinator must coordinate the changing of system time on the VAX where the RCU application is running with the VAX system manager. This could be the local IS or Raleigh FCSC.

Changing the date and time on the NCR 7052 cash registers

After you log in:

- Press **F7** MGR FUNCTIONS
- Press **F5** SET DATE/TIME

The date and time will display at the top of the screen.

- At the prompt CHANGE DATE (Y/N)?, type **N**, then press **ENTER**.
- At the prompt CHANGE TIME (Y/N)?, type **Y**, then press **ENTER**.
- At the prompt HH:MM, type in the hours, then the minutes, and press **ENTER**.

For example, if the correct time is 8:15 AM, enter 0815. If the time is 2:30 PM, type 1430.

Changing the date and time on the ICL Team POS 500 cash register

Note: This must be completed at the primary controller only, and must be done before opening the store. All terminals will receive the new date and time when they open.

- From the Main Menu, highlight MGR Functions Menus and press **ENTER**.
- Set Auto Operations off by highlighting AUTO OPERATIONS ON/OFF and pressing **ENTER**. The status bar at the bottom of the Main Menu changes from AUTO OPS ON to AUTO OPS OFF.
- Highlight SET TIME AND DATE and press **ENTER**.
- At the NEW DATE prompt, press **ENTER** (or type the correct date and press **ENTER**).
- At the NEW TIME prompt, type in the hours, then the minutes, then press **ENTER**.

For example, if the correct time is 8:15 AM, enter 0815. If the time is 2:30 PM, type 1430.

- Verify the date and time again.
- Highlight AUTO OPERATIONS ON/OFF and press **ENTER**. The status bar at the bottom of the Main Menu changes to AUTO OPS ON.
- Highlight RETURN TO MAIN MENU and press **ENTER**.
- Highlight LOG OFF SYSTEM and press **ENTER**.

1997 Year Type for Hand Stamp and Canceling Machines

The 1997 year type for hand stamp and canceling machines will be automatically distributed to all postal facilities that received 1996 year types for hand stamps and canceling machines. The material distribution centers (MDCs) mailed a notification postcard on October 7, 1996, to each postal facility that received 1996 year types. If your facility needs a different quantity or a different 1997 year type, make changes on that postcard and mail it to your servicing MDC by October 31, 1996. Complete instructions are on the postcard.

If your facility needs 1997 year type for hand stamp or canceling machines but has not received a postcard notifica-

tion by October 21, 1996, contact your servicing MDC no later than November 12, 1996. Please be ready to give the customer service representative the PSIN number for the item needed, the quantity, and the FEDSTRIP number for the ordering facility.

The servicing MDC will ship the year type no later than December 13, 1996. Allow 10 to 14 days for delivery.

To determine the proper year type for canceling machines, check the model number on the machine nameplate. Use Publication 247, *Supply and Equipment Catalog* (April

1996), Exhibits 15 and 17, pages 51 and 53, as guides for ordering correct type:

1. PSIN O76E for Models D, K, and G new style canceling machines using 77, 225, and 218-A die hubs (SN 7520-01-363-9283).
2. PSIN O103HD2 for Model HD-2 canceling machines (SN 7490-00-920-9277).
3. PSIN O133E for Model Flier and M canceling machines using 1207 die hubs the (SN 7490-00-996-3084).
4. PSIN O217E for Model G canceling machines using 218 die hubs (SN 7520-01-363-9279).
5. PSIN O691G for Model Flier and M canceling machines using 1207-G die hubs (SN 7520-01-363-9280).
6. PSIN O702A for steel postmarker, hammer type (SN 7520-01-363-9281).
7. PSIN O718A for steel post marker, rotary type (SN 7520-01-363-9282).

8. PSIN O642 rubber, for use on Nos. 550, 570, and 552 (SN 7520-01-000-9100).
9. PSIN O744, steel, for use with No. 700 without flange (SN 7520-01-364-1911).
10. PSIN O747, steel, for use with No. 700 with flange (SN 7520-01-364-3887).

The 1997 year type for Mark II Facer-Cancelers (SN 7490-03-000-4197) will be distributed automatically to all maintenance-capable facilities that received the 1996 year type. This year type is also used on the MRC small canceling machine, Models 3601/3602, and the AFCS machine both lead and trail. Only maintenance-capable facilities may order this year type. Maintenance-capable facilities are responsible for supplying this year type to all offices they service.

Domestic Mail

DMM REVISION

Mailing Restrictions for Domestic Packages Weighing 16 Ounces or More

Effective August 16, 1996, *Domestic Mail Manual* (DMM) D100.2.1 and D100.2.3 are revised and DMM D100.2.6 is added to reflect restrictions on the mailing of single-piece rate Priority Mail packages weighing 16 ounces or more that are paid with adhesive stamps. Also effective August 16, 1996, DMM E010.1.7 is added to reflect restrictions on the mailing of all single-piece rate packages weighing 16 ounces or more that are addressed to overseas military installations, regardless of postage payment method.

On September 27, 1995, the Postal Service published a final rule in the *Federal Register* announcing restrictions on the mailing of packages weighing 16 ounces or more to international and APO/FPO destinations (60 FR 49755–49758). These restrictions were promulgated to enhance airline security measures and to protect the traveling public, postal employees, and postal contractors who transport U.S. mail. The Postal Service developed these changes in package collection procedures in consultation with the Federal Aviation Administration (FAA).

The Postal Service has now determined, for the same reasons, to extend similar restrictions to packages that are deposited into collection receptacles and mailed to domestic addresses. These added provisions will affect only First-Class/Priority Mail packages weighing 16 ounces or more that bear postage stamps and that are mailed from domestic addresses. These restrictions do not affect Express Mail, Periodicals (former second-class mail), or Standard Mail (B) (former fourth-class mail) at any weight up to the maximum of 70 pounds; any item weighing less than 16 ounces; and any package, regardless of weight, for which postage is paid with a postage meter or a permit imprint.

Under the revised standards set forth below, domestic First-Class/Priority Mail packages bearing postage stamps and weighing 16 ounces or more may not be deposited into collection receptacles, including street, lobby, and apartment boxes, or left in rural mailboxes. Instead, these packages must be presented by the sender at a post office, station, or branch. A sender known to a Postal Service delivery employee may also give such packages to a city, rural, or highway contract letter carrier.

Any affected package weighing 16 ounces or more that requires air transportation and that is deposited into a collection receptacle will be returned to the sender with a note ask-

ing the sender to present the package personally at the local post office or to a city, rural, or highway contract letter carrier if the sender is known to the carrier. Postage on an item improperly deposited into a collection receptacle may be used when the item is remailed at the post office. A sender who does not wish to re-mail a returned item may apply for a postage refund for the item at any post office. Any piece without a return address will be sent to a Postal Service mail recovery center to determine the identity of the sender for appropriate return.

Sharps and Etiologic Agents

Effective October 1, 1996, *Domestic Mail Manual* (DMM) C023.10.0 corrects the revision of that section as published in *Postal Bulletin* 21929 (9-26-96). That revision omitted the term "Etiologic Agent Preparations" in the heading of DMM C023.10.0 and inadvertently added the term "sharps" to DMM C023.10.1. The corrected heading and text are shown below.

Expanded Use of Polywrap Coverings on Automation Flats

General Information

Since July 1995, the Postal Service has completed a series of engineering tests and evaluations that authorize specific mailers to claim any available automation rate for flats when these mailers prepare preapproved flat-size pieces in postal-certified polywrap (plastic) material according to specific mailing standards.

Additional evaluations were completed this summer, increasing the number of approved polywrap materials and mailers authorized to mail polywrapped flat-size barcoded pieces at the automation rates for flats. This notice provides the following information:

1. Results of the recently completed evaluations.
2. Lists of polywrap materials and mailers authorized to use them and claim automation rates.
3. Changes in the polywrap certification process.

Currently, 29 polywrap films have been approved by the Postal Service. The films, with information on how to contact the manufacturers, are listed on pages 10–11. Any mailer may use one of these approved polywrap films. *However, only mailers authorized in writing by Mail Preparation and Standards, USPS Headquarters, may claim an automation rate for their polywrapped flats. Both the mailer and the polywrap material must be approved to claim the rate.*

Approved Mailer's Responsibilities

To qualify for automation rates, an approved mailer must follow the terms of participation in the authorization letter. Pieces with physical characteristics outside the approved ranges, or pieces prepared with polywrap materials other than those specified in the mailer's authorization letter, are not eligible for automation rates and will be excluded from the polywrapped flats program when identified by the Postal Service.

It is the mailer's responsibility to prepare each mailing according to all applicable *Domestic Mail Manual* (DMM) standards. Failure to comply with these standards can result in forfeiture of authorization to mail polywrapped pieces at automation rates and will result in assessment of postage at the applicable higher presort or single-piece rate.

Standards for participation may not be changed or modified by the mailer or by other postal groups without the written approval of Mail Preparation and Standards, USPS Headquarters.

The mailer must attach a copy of the manufacturer's authorization letter to the authorization letter and submit both letters to the entry post office, acceptance post office, or plant-verified drop shipment (PVDS) office where the mail is entered.

All polywrapped pieces mailed at an automation rate must be endorsed to show that they are prepared in an automation-compatible polywrap film. The mailer may meet this requirement by adding the endorsement "USPS Automatable Poly" on the address side of the piece in some highly visible location, preferably below the postage area. The polywrap endorsement may also be printed directly on the polywrap. All locations for the endorsement, except below the postage area, must be approved in advance by the manager of Mail Preparation and Standards.

New Approval Process

The semiannual Phase I and Phase II evaluations for polywrap approval are suspended. In past evaluations, the approval process was twofold — Postal Service approval of the *manufacturer's polywrap material* itself and Postal Service approval of the *mailer's use* of that material. A mailer had to produce 2,000 sample pieces for evaluation, which could take up to 3 months depending on the number of mailers participating in the certification process.

The Postal Service is revising its program to streamline this evaluation process. In 1997, new procedures should allow mailers to use approved polywrap films with minimal or no advance testing and evaluations. Meanwhile, the Postal Service will conduct interim evaluations as follows:

1. The Postal Service will conduct evaluations only for mailers using one of the approved polywrap films.
2. To participate, the mailer must submit a letter of request, a copy of the approved polywrap manufacturer's Postal Service authorization letter, and at least 25 sample pieces of polywrapped barcoded flat-size mail to:

TESTING AND EVALUATION
ATTN POLYWRAP FLATS
USPS ENGINEERING
8403 LEE HWY
MERRIFIELD VA 22082-8101
3. The mailer must prepare sample pieces according to the preparation standards published in *Postal Bulletin* 21915 (3-14-96).
4. The mailer may provide no more than two sample types (different weights or trim sizes).
5. The Postal Service may require further evaluations for certain pieces.

Approvals

Mailers and postal employees are reminded that only the specifically approved polywrapped pieces prepared by the approved mailers listed in this notice may claim the automation rate for flats. The mailer may submit at the automation

rate for flats only those pieces approved by the Postal Service and identified in the mailer's authorization letter.

Authorization to prepare automated flats in polywrap material does not exempt mailers from all other automation mailing standards. Approved polywrapped pieces must meet all applicable *Domestic Mail Manual* (DMM) standards, including those for machinability and barcode readability.

Note: Polywrapped flats are excluded from the small flats tests conducted by the Postal Service from July 1 through December 31 (*Postal Bulletin* 21922 (6-20-96)). No mailer is authorized to claim the automation rate for flats when mailing smaller flat-size pieces (one side is less than 6 inches long) prepared in polywrap material (see DMM C820.2.3). Any mailer claiming automation rates for polywrapped pieces must provide the acceptance office with a copy of the authorization letter from Mail Preparation and Standards approving the mailer for the polywrap flats program. Authorization is valid for 1 year only and must be renewed by the mailer.

Once certified, a mailer and polywrap manufacturer may not deviate from the polywrap preparation process approved by the Postal Service. The mailer, in signing the postage statement, attests that the polywrap film used for that mailing and claiming the automation rate is the approved polywrap material identified in the Postal Service authorization letter.

Any mailing found at the time of acceptance or later during postal processing to be prepared with material other than the approved polywrap material or to be pieces not approved by the Postal Service will be charged at the applicable higher presort or single-piece rate.

Renewal or Suspension of Approval

Polywrap approval remains in effect for a period not to exceed 1 year. Before expiration of the approval, the mailer must submit a sample of 25 pieces for testing and recertification. Annual certification is required.

The Postal Service will conduct periodic reviews of polywrapped barcoded mailings submitted by approved mailers. Any mailing found to be nonmachinable will not be accepted at the automation rates for flats unless the mailer demonstrates that its characteristics are within the approved ranges and that it is prepared with polywrap materials specifically listed in the mailer's authorization letter. The repeated submission of nonmachinable mailings is cause for exclusion from the polywrapped flats program.

Overseas Military Mail

Mail addressed to, from, or between military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The table below outlines these conditions by APO/FPO ZIP Codes through the use of footnoted mailing restriction codes, which appear on the page following the table.

Acceptance clerks should use this table with the inte-

grated retail terminal (IRT) to determine whether an APO/FPO ZIP Code is active and which conditions of mailing apply. For Express Mail Military Service (EMMS) availability, refer to the local hardcopy EMMS directory.

The complete table appears in the last issue of each month of the *Postal Bulletin*.

Missing U.S. Money Order Forms — Do Not Cash

To be posted and used by retail window employees. As directed, destroy previous notices. All interim notices should be destroyed when the numbers listed appear in the *Postal*

Bulletin. The actual serial numbers consist of the first 10 digits on the money orders. Check for altered dollar amounts by holding money orders to the light.

Missing Canadian Money Order Forms — Do Not Cash

To be posted and used by retail window employees. As directed, destroy previous notices. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first nine digits. The 10th digit is a check digit only.

Do not cash new style money orders **000 000 001 to 660 000 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

IMM REVISION

Prequalified Wholesaler Program

Effective immediately, *International Mail Manual* (IMM) 630 is revised to reflect the addition of a new Prequalified Wholesaler Program. Please make this change to IMM 17. A future edition of the IMM will contain this change.

International Mail Manual (IMM)

6 Special Programs

* * * * *

630 Prequalified Wholesaler Program

631 Description

The Prequalified Wholesaler Program of the United States Postal Service (USPS) will establish relationships between the USPS and wholesalers of international mail so that the business of both parties is increased through work-sharing and volume pricing.

632 Pricing

A prequalified wholesaler will receive rates from the USPS, including applicable volume rates or an International Customized Mail rate, if special circumstances warrant, for Global Package Link, International Priority Airmail (IPA), International Surface Airlift (ISAL), VALUEPOST[™]/CANADA, Bulk Letter Service to Canada, and Global Priority Mail for its use in submitting bids to customers.

633 Prequalifying as a Wholesaler

633.1 Letter of Request

Any Company desiring to be a prequalified wholesaler must submit a letter of request to:

MANAGER WHOLESALER SALES
US POSTAL SERVICE
475 L'ENFANT PLZ SW 370 IBU
WASHINGTON DC 20260-6500

This letter must demonstrate how the wholesaler meets the criteria listed in 633.2. The wholesaler must certify that it is not disqualified from being a prequalified wholesaler because it cannot meet the requirements listed in 633.3, and state that it agrees to all of the terms and conditions of the Prequalified Wholesaler Program. The USPS will make the final determination of who shall be a prequalified wholesaler.

633.2 Criteria

The wholesaler:

- a. Must have a minimum of one year experience as an international or domestic mail consolidator, presorter, and/or letter shop.
- b. Must have realized at least \$3 million in gross revenues in the most recent calendar year for services it provided in connection with mail that originates in the United States.
- c. Must use permit imprint under the postage mailing systems in *Domestic Mail Manual* (DMM) P710, P720, and P730 for international mail. If the wholesaler uses the customer's permit, then the wholesaler must specify the permit numbers used and provide an additional itemized report identifying the volume and revenue for each mailing.
- d. Has the ability to collect international mail at the customers' facilities on a daily (Monday through Friday) basis. If a wholesaler can pick up mail on Saturdays, Sundays, and/or holidays, the wholesaler shall state that it has this ability.
- e. Must perform the actual handling and preparation of the international mail prior to tendering to the USPS in accordance with the applicable mail makeup requirements. The wholesaler must maintain a processing facility and staff to provide the services described herein. The wholesaler must state the address and square footage of the facility and the number of persons employed who are involved in the handling and preparation of international mail.
- f. Must have experience, capability and knowledge to presort, pouch, or otherwise containerize the customer's mail per USPS requirements for Global Package Link, IPA, ISAL, VALUEPOST[™]/CANADA, Bulk Letter Service to Canada, Global Priority Mail, or other types of international mail that will be used.
- g. Must have the ability to transport and tender the mail to an agreed upon USPS acceptance point.
- h. Must state that it is familiar with, and/or is taking steps to comply with, the

Malcolm Baldrige National Quality Award Program and/or ISO 9000 certification. If a wholesaler has ISO 9000 certification, it must state the date of such certification and provide a copy of its certification award.

633.3 Disqualification

Any wholesaler will be disqualified from the Prequalified Wholesaler Program if it does not meet any of the following conditions:

- a. The wholesaler must offer USPS's services to its customers who request international mailing service.
- b. The wholesaler must use the level of USPS international service that the customer requires and for which the customer has paid.
- c. Neither the wholesaler, a subsidiary, an affiliate, nor a parent company may be:
 - (1) On the List of Parties Excluded from Procurement Programs of the USPS and the United States Government.
 - (2) A licensed wholesaler or consolidator for any foreign postal administration.
 - (3) A direct competitor of the USPS domestically or internationally that provides expedited parcel delivery services or air transportation services.
- d. Neither the wholesaler, a subsidiary, an affiliate, nor a parent company may derive more than the following percentages of gross revenue from international mailing that it chooses to remail:
 - (1) First year of prequalification: Not more than 25 percent.
 - (2) Second year of prequalification: Not more than 15 percent.
 - (3) Third and subsequent years of prequalification: Not more than 10 percent.
- e. Gross revenue from remail included in 633.3d, above, does not include revenues which the wholesaler, a subsidiary, an affiliate, or a parent company receives for remail when the wholesaler's customer selects the remail service and directs the wholesaler to use the remail service.
- f. The wholesaler shall describe any value added services provided in addition to collection, sortation, and tendering international mail. For any value added service, the wholesaler must state how it meets the requirements of 633.2e and must specify if the value added services are completed in-house or are sub-contracted.

634 Benefits**634.1 Prequalified List**

The USPS will maintain a list of prequalified wholesalers. The list shall be distributed upon request to any person who indicates a need for a wholesaler. The list shall include all services that the wholesaler provides in addition to collection, sortation, and tendering of international mail.

634.2 Preapproved Advertising

A qualified wholesaler may state that it has been prequalified as a wholesaler of the USPS. Any advertising material, including letterhead and stationery, stating that the wholesaler has been prequalified by the USPS must be approved in advance and in writing by the USPS.

634.3 Right of First Refusal

Prequalified wholesalers must give the USPS the first opportunity to handle any mail originating in the United States which it receives from its customers. This includes giving the USPS the first opportunity to quote prices for handling mail that is the subject of a formal or informal request for proposals or quotes from a customer. If the services of a wholesaler are needed, the USPS may request competitive bids from all prequalified wholesalers when it quotes prices for handling mail that is the subject of a formal or informal request for proposals or quotes from a customer.

635 Length of Qualification**635.1 Approval Period**

Each wholesaler will be prequalified for a period of two years. At the end of that two-year period the wholesaler must again be prequalified by the USPS.

635.2 Disqualification

If the USPS discovers, at any time, by whatever means, that the wholesaler has not complied with any of the terms and conditions herein, the Manager, Wholesaler Sales, will send the wholesaler written notice via Express Mail that it has not complied with these conditions and that it will be stricken from the list of prequalified wholesalers. The wholesaler will have three business days to respond in writing via Express Mail to the Manager, Wholesaler Sales, at the address shown in 633.1, that it should not be removed from the list and the reasons why it should not be stricken. The USPS will render its decision on the objection in five business days after its receipt.

Pictorial Cancellations Announcement 96-21

As a community service, the Postal Service offers pictorial cancellations to commemorate local events celebrated in communities throughout the nation. A list of upcoming events for which pictorial cancellations are authorized appears below. If available, the sponsor of the pictorial cancellation appears in italics under the date. Also provided, as space permits, are illustrations of those cancellations that were reproducible and available at press time.

People attending these local events may obtain the cancellation in person at the temporary post office station established there. Those who cannot attend the event, but who wish to obtain the cancellation, may submit a mail order request. Pictorial cancellations are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial cancellation date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail postage (32 cents per envelope or 20 cents per postcard). Items sub-

mitted for cancellation may not include postage issued after the date of the requested cancellation. Such items will be returned unserved.

Customers wishing to obtain a cancellation should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL CANCELLATIONS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP + 4 CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP + 4 code).

After applying the pictorial cancellation, the Postal Service returns the envelope or postcard through the mail. Customers who want their serviced item returned under protected cover should include a larger, stamped, self-addressed envelope.

HANDBOOK EL-311 REVISION

Personnel Operations

Effective immediately, employing officials will no longer be required to provide a numerical applicant register standing to eligibles on hiring registers. As a result, the Individual Applicant Ranking Report R0579 (Applicant Standing Letter) is being immediately discontinued from the H & T subsystem of HRIS. Handbook EL-311, *Personnel Operations*, is revised as follows:

Health Benefits Open Season

The 1996 Federal Employees Health Benefits (FEHB) Open Season is scheduled from November 11 through December 9, 1996, according to the Office of Personnel Management (OPM). Enrollment changes and new enrollments made during the 1996 open season are effective January 4, 1997 (Pay Period 02-97) for postal employees.

Distribution of Open Season Materials

Employees

Prior to the start of open season, the 1997 FEHB Guides for postal career and certain noncareer (temporary) employees will be mailed from the national level to each employee's address of record. Each *1997 FEHB Guide*, RI 70-2 for career employees and RI 70-8 for noncareer employees, includes an overview of FEHB Program eligibility requirements and election choices during open season, a comparison of biweekly premium costs of participating plans, an explanation of the pre-tax payment feature, information on which plans are accredited by the National Committee on Quality Assurance (NCQA), and the results of a Customer Satisfaction Survey conducted by OPM.

Installations

Some of the required materials will be distributed automatically; personnel services offices must requisition others, using the item number, name, and national stock number

(NSN). All customer service district offices, processing and distribution centers, airport mail centers, bulk mail centers, the Employee Service Center, and selected Headquarters field units will obtain open season materials in the following manner:

Automatic distribution

- RI 70-2, *1997 FEHB Guide* (postal career employees) (NSN 7690-03-000-3774).
- RI 70-5, *1997 FEHB Guide* (temporary continuation of coverage and coverage under the spouse equity law or similar statutes providing coverage to former spouses) (NSN 7690-03-000-3772).
- PS Form 8201, *Pre-Tax Health Insurance Premium Waiver/Restoration Form* (NSN 7530-03-000-8334).
- PS Form 8202, *Pre-Tax Health Insurance Premium Election/Waiver Form for Noncareer Employees* (NSN 7530-03-000-8301).
- Most fee-for-service plan brochures.

Requisition from the material distribution centers (MDCs)

- RI 70-8, *1997 FEHB Guide* (Certain Postal Temporary Employees — those eligible to enroll in FEHB under 5 U.S.C. 8906a) (NSN 7690-03-000-3754).

- SF 2809, *Health Benefits Registration Form* (August 1992 edition only) (NSN 7540-01-231-6227).
- RI 72-5, *Rural Carriers Benefit Plan* (individual plan brochure for the Rural Carriers closed enrollment fee-for-service plan) (NSN 7690-03-000-3809). The National Association of Postmasters of the United States (NAPUS) will not participate in the FEHB Program during the 1997 plan year.

Order directly from plan sponsors

- Brochures for health maintenance organizations.

Additional copies of forms may be ordered from the MDCs. However, for those forms that are distributed automatically, only order additional stock *after* the initial distribution is received.

Additional Information

Publication 12, *Health Benefits Open Season Administrative and Processing Information* (November 1996)

(NSN 7610-03-000-5937), will be issued again this open season to address FEHB open season administrative issues in more detail. Copies of Publication 12 will be distributed to personnel services offices directly with further distribution to the same postal facilities that receive the *Postal Bulletin*. The document will be published in late October and will contain:

- Information on distribution of open season materials.
- Eligibility requirements for coverage.
- A list of participating health plans and their premium rates.
- A list of health maintenance organization contacts.
- A list of FEHB health plan withdrawals and other changes.
- Additional instructions pertaining to open season administration.

Use of American Express Cards at Center for Leadership Development

Effective immediately, the William F. Bolger Center for Leadership Development will no longer accept the Corporate American Express Card or any other corporate credit card. The Journal Voucher Transfer system will be used to chargeback costs incurred at the Center to the appropriate finance number. If employees plan to stay overnight or use the Center's services, they must have an approved PS Form 7381, *Requisition for Supplies, Services, or Equipment*, PS Form 1782, *Training Request and Authorization*, or PS Form 1011, *Travel Advance Request and Itinerary Schedule*, to cover the costs for official business. Employees may use cash or a personal credit card for personal business. Sales tax is charged for personal business expenses.
